Pioneer Museum

This month's featured exhibit is the early 20th Century Living Room, often called the parlor. One of the highlights, displays a combination 10" TV, AM/FM radio, record player and record storage bin.

Another parlor highlight is an upright walnut piano with hand carving framing and a glass front exposing all the internal workings of the piano. A real classic.

Other period furniture and accessories complete this authentic local exhibit.

Please join us every Saturday and Sunday from 1:00PM to 3:00PM to see this and the many other Museum features.

The Pioneer Museum is located at 10402 Fresno Street (one block south of Los Angeles Avenue).
