## Wellton-Mohawk Fine Arts and Historical Association Inc.

Wellton-Mohawk Fine Arts and Historical Association Inc.

**New and exciting things are happening at the Museum!**

### **Pioneer Museum & Artisans Guild**

After closing on March 31<sup>st</sup>, at the end of this season, our volunteers will be working to revitalize the Pioneer Museum. Even we are amazed how far we have come since meeting each other last spring. There is still lots of work being done in April and May to organize our displays into categories such as, Railroad, Farming, Mining and everyday life in Wellton. There are thousands of documents and photographs that will need to be sorted through. There will be more repairs done to the museum as we strive to provide a museum that celebrates the history and fine arts of Wellton.

We believe that preserving this history is critical to those who come after us. Wellton's history is so diverse and we as residents can learn from them and how they worked together through some very difficult times. We also believe that the residents of Wellton deserve to have a community that supports the Arts. We have put in a lot of elbow grease and time into restoring the purpose of the building. We're hoping it will become a center where the residents of the community can meet one another, share stories of the past and enjoy the arts. We have so much more to do and we know we can do it together. All of us who either visit the museum or take art classes there, are making new friends every day. We wish to thank those who stopped by to see us this season and those who generously donated to the work we are doing. We will be re-opening on November 3rd and hope you will stop by to see the museum or take some art classes.

Check out our new website at: [wmfaha.com](http://wmfaha.com).

Have a happy and safe summer!
