Option for Multiple Resubmittals and Time Extensions for the Substantive and Overall Review Time Frames

Senate Bill 1598 (A.R.S. § 9-835 (G) and (I)), allows for only one comprehensive request for additional information by the Town to the applicant during the Substantive Review Time Frame. Following review of the initial plans submittal and one resubmittal, the building permit must be either granted or denied. If the permit is denied, a new permit application and plans must be submitted, payment of a new plan review fee is required, and a new Overall Time Frame shall commence.

Pursuant provisions of Senate Bill 1598 (A.R.S. § 9-835 (H)), the Town and the applicant may mutually agree to allow for multiple requests for information to occur during the Substantive Review Time Frame, to allow for additional plan resubmittal review. A corresponding time extension of twenty-five percent of the Overall Time Frame will be added for each additional resubmittal.

By signing this option, I hereby agree to allow for multiple requests for information with time extensions.
